

Skills Coaching for Education Providers

Skills Coaches can support schools and professionals in education by:	Attending school organised career fayres
Promoting upcoming Skills Jersey events and services through pop up stands, presentations and classes	Connecting industry and education
Arranging industry expert talks	Facilitate small group visits to workplaces
Organising workshops relating to the world of work	Arranging talks from university representatives
Offering one to one work insights, coaching and mentoring	Identifying a young person's interests in preparation for a work placement organised by the school
